Carbon Balancer – immediately adjusting the orbit of electrons

World No.1 portable high-quality counter EMF products, “Carbon Balancer” protects you and your beloved people from EMF, underground geomagnetism, LED light, and so on and help you adjust the orbit of electrons in your body. Contained in a stylish container handcrafted individually by skilled craftsmen of aircraft parts processing, medicinal stone powders from dozens of natural ores such as terahertz, Bad Gastein ore, germanium ore, quartz, lava (vanadium), carbon fibers, meteorites from Russia included in it will help you adjust the orbit of electrons in your body.

We live in an age where life-threatening high levels of EMF radiation are the norm, both at home and out in public; every piece of electrical equipment and wiring, each electric motor and cell phone tower is releasing EMF day and night. Though we can't see EMF radiation, we can (and do) feel the harmful effects of electromagnetic radiation fields. Protecting your body from this invisible threat is now more important than ever before.

CARBON BALANCER *alpha*

## The Threat of EMF Exposure

Cells in the body react to EMFs as potentially harmful, just like to other environmental toxins, including heavy metals and toxic chemicals. The DNA in living cells recognizes electromagnetic fields at very low levels of exposure, and produces a biochemical stress response. The scientific evidence tells us that our safety standards are inadequate and that we must protect ourselves from exposure to EMF due to power lines, cell phones and the like.

Martin Blank, PhD Associate Professor, Department of Physiology and Cellular Biophysics, Columbia University, College of Physicians and Surgeons; Researcher in Bio-electromagnetics.

Quantum physics has proved that we are ordered energetic beings in a world made up entirely of energy. Any energy that is unbalanced — including EMF — knocks us about, and health care professionals say that EMF radiation can be detected in nearly all people. If you have any of the following symptoms this may be the result of exposure to electromagnetic radiation

- +Tiredness
- +Stress
- +Depression
- +Memory loss
- +Rashes
- +Cancer
- +Sexual difficulties
- +Learning difficulties.
- +Dry eyes and throat.
- +Shortness of breath
- +Cardiac palpitations
- +Aches and pains in muscles and joints
- +Flu-like symptoms without developing into influenza.
- +Electro-sensitivity - the inability to be near anything electrical.
- +Headaches
- +Irritability
- +Insomnia
- +Brain fog.
- +Nausea
- +Dizziness

Enjoy the care and joy that went into the production of Carbon Balancer, and the peace of mind they grant when you know that you and your loved ones are protected.
